INTRODUCTION

This report, the first to be issued in a Special Series giving final results of the 1966 Census of Canada, shows the population of federal electoral constituencies according to the new electoral districts established by the 1966 redistribution (i.e., the Representation Order proclaimed on June 16, 1966). Comparative 1961 Census totals are also shown for these districts.

Details of the 1966 population distribution within each new electoral district by counties, municipalities, cities, towns, villages, etc., with comparative figures for 1961, will be issued at a later date as part of the regular Volume Series of final reports of the 1966 Census (Report 1-2, Catalogue No. 92-602). An earlier report in the Advance Series (A-1, Catalogue No. 92-621) provided 1966 Census population totals and comparative 1961 figures for the federal electoral constituencies as they were constituted under the Representation Act of 1952.

Le présent rapport est le premier de la Série spéciale qui donne les résultats définitifs du recensement du Canada de 1966. La population est répartie suivant les nouvelles circonscriptions électorales établies à la suite du remaniement électoral de 1966 (i.e., d'après l'Ordonnance de Représentation proclamée le 16 juin 1966). Les chiffres comparatifs du recensement de 1961 sont aussi donnés pour ces circonscriptions.

Le détail relatif à la répartition de la population de 1966 de chaque nouvelle circonscription électorale par comté, municipalité, cité, ville, village, etc., ainsi que les chiffres comparatifs de 1961 seront publiés plus tard comme partie de la Série régulière des volumes contenant les résultats définitifs du recensement de 1966 (Rapport 1-2, n° 92-602 au catalogue). Un rapport antérieur de la Série anticipée (A-1, n° 92-621 au catalogue) donne les chiffres du recensement de 1966 et les chiffres comparatifs de 1961 pour les circonscriptions électorales telles qu'elles étaient établies subordonnément à la loi de 1952 sur la députation.
